FlickrFeed plugin

nlstart,

A new nlstart plugin has been launched: FlickrFeed.

With the FlickrFeed plugin you can integrate Flickr photo streams in your e107 website. Not just in a menu, but site wide! After installation there is a flickrfeed BBcode icon Image: ../../plugins/flickrfeed/images/bb.png added that allows you to add FlickrFeed in news items, custom pages, forum threads, etc.

Downloadable for logged in members: [Download FlickrFeed v1.1](#)

The plugin also supports a number of settings.

> » $num_items - how many photos you want to appear

> » $type - specify user, set, favorite, group or community photo stream

> » $tags - a comma separated list of tags (with no spaces)

> » $imagesize - square, thumbnail, medium or large

> » $before_image - html appearing before each photo

> » $after_image - html appearing after each photo

> » $id_number - specify a user id (or group name)

> » $set_id - specify the set id (found in set url), only with type 'set'

The above settings are also used for the BBcode [flickrfeed].

Example 1

FlickrFeed (with admin settings: num_items=5, type="community", tags="amsterdam,people")This would show the 5 most recent public photos tagged with amsterdam and people.BBcode

```
[flickr feed=5|community|amsterdam,people][/flickr feed]
```

 * results in:* Remove the two additional spaces that have been put into the BBcode flickrfeed on purpose

for demonstration purposes.

Example 2

FlickrFeed (with admin settings: num_items=8, type="set", tags="", image_size="thumbnail", before_image="", after_image="", id_number"44124462494@N01", set_id="72157601681097311")This would show the 8 most recent thumbnail sized photos from the specified user's set, each foto wrapped in list tags.BBcode

```
[flickr feed=8|set||thumbnail||
|44124462494@N01|72157601681097311][/flickr feed]
```

 results in:

»

»

Example 3

FlickrFeed (with admin settings: num_items=5, type="group", tags="", image_size="square", before_image="", after_image="", id_number="34427469792@N01")This would show the 5 most recent square sized photos from the FlickrCentral (Pool) group.BBcode

[flickr feed=5|group||square|||34427469792@N01|][/flickr feed]
 results in:

Example 4

FlickrFeed (with admin settings: num_items=4, type="user", tags="nlstart", image_size="square", before_iamge="", after_image="", id_number="28720982@N06")This would show the 4 most recent square sized photos tagged with 'nlstart' of user NLSTART (id = 28720982@N06).BBcode

[flickr feed=4|user|nlstart|square|||28720982@N06|][/flickr feed]
 results in:
